

Achieve the Highest Quality Patient Care

A CLOUD-BASED PHONE SOLUTION DESIGNED FOR MEDICAL PRACTICES

Cost-effective Communication Tools To Prioritize Physician-Patient Relationships

UniVoIP's cloud communication solution for medical practices delivers the highest quality patient care, superior cost savings, flexibility and mobility.

Experience the benefits

- ✓ **Up to 30% cost-savings vs. outdated phone systems** - with special pricing for office and examination rooms.
- ✓ **Fully Managed System** - No cost support, maintenance, upgrades and a Lifetime Phone Replacement Warranty.
- ✓ **Multi-Language Auto Attendant** - Reduced front desk workload with automatic departmental and employee call routing.
- ✓ **Answering Service Integration** - Automatic time-based or single button on-demand.
- ✓ **Secure, confidential voice transport** - Voice and signal channel encryption.
- ✓ **Professional Installation** - No disruption of service during transition.

"OfficeConnect is a user friendly and scalable solution that exceeds expectations and makes our jobs easier and more efficient."

Patrick Mahoney
Morningside Recovery

"With UniVoIP, internet and voice communication is no longer a concern. I can spend my time on other business priorities. Thank you for removing this obstacle."
